1.0 PREAMBLE:

Movement United for Super Action takes lessons from the notion that "political power, without economic emancipation is meaningless". The Movement is inspired by ideals that promote and practice organic forms of political leadership, which appreciate that political leadership at whatever level of service is not an opportunity for self-enrichment and self-gratification.

Through organic engagement and constant relationship with the masses, Movement United for Super Action provides clear and cogent alternatives to the past corrupt leadership regimes, which in many countries has kept the citizens oppressed and in major economic distress.

THEREFORE;

We, as members of The Movement United for Super Action **(MUSA)**;

1. **ACKNOWLEDGE** the supremacy of the Constitution of the Republic of Kenya **HONOURING** those who heroically struggled to bring freedom and justice to our country, **COMMITTED** to creating a better Kenya for current and future generations and **RECOGNIZING** the need for honest, transparent and accountable political leadership in our country, are **PROUD** of our ethnic, cultural and religious diversity and determined to live in peace with each other;

2. **RESOLVED** to form a national all inclusive mass movement to actualize the hopes, dreams and aspirations of the people of Kenya and further resolved that Movement United for Super Action shall ensure that the country remains united and indivisible.

3. **EXERCISING** our sovereign and inalienable rights as recognized and guaranteed by our constitution to determine the form of governance for our party and having participated fully in the making of this constitution;

4. **ADOPT, ENACT** and give this constitution to ourselves, as Movement United for Super Action National Delegates Conference, Members of the Movement United for Super Action and to our future generations.
